

## **Free Download/Personal Use Font License**

By downloading Sabrina Schleiger fonts (formerly Monkey Roodles Fonts), you are granted a nonexclusive, non-transferable, one-user license to use the font for personal/non-commercial purposes. You may use the font for personal projects for yourself that do not create revenue directly or indirectly. Examples of personal use include: digital scrapbooking or using the font in invitations for yourself or a family member. Church & classroom use also counts for personal use as long as the font isn't used in products to be sold (example: TeachersPayTeachers).

A commercial use license is required when you are using Sabrina Schleiger fonts for commercial purposes. Examples of commercial purposes include: using the font on products you sell (t-shirts, mugs, etc) or digital files you create for others (such as SVG files or products to be sold on Teachers Pay Teachers, or similar sites), in your logo, in your business marketing materials, your website/blog. Commercial licensing is available for one-time purchase per font, or in font bundles. You may purchase font licenses from my website: [www.sabrinaschleiger.com](http://www.sabrinaschleiger.com), or Etsy: [sabrinafontdesign.etsy.com](http://sabrinafontdesign.etsy.com).

You MAY NOT use the font on sites or applications that allow non-licensed users to create personalized products with the font, or embed the font in an epublication (ebook/magazine) or applications for IOS, Windows or Android devices. Such uses require extended licensing, which may be purchased from [sabrinaschleiger.com](http://sabrinaschleiger.com). Digitizing the font for embroidery also requires extended licensing. Please contact me about embroidery licensing.

You may not share or redistribute the font file for free or for sale. You may not deconstruct or modify the font in any way, or rename the font and claim it as your own. (I offer a font modification service for my fonts if you desire changes to be made).
